Assalamualaikum Warahmatullahi Wabarakatuh,
Salam Sejahtera, Salam Malaysia Madani dan
Salam Kita Selangor Maju Bersama.

Lafaz kesyukuran diucapkan atas nikmat dan peluang yang diberikan sehingga membolehkan kita menerbitkan Laporan Tahunan Yayasan Selangor 2024. Bagi pihak Yayasan Selangor, saya dengan sukacitanya membentangkan Laporan Tahunan Yayasan Selangor 2024 ini. Laporan tahunan ini dirangka sebagai medium kompilasi yang memaparkan aktiviti tahunan Yayasan Selangor secara keseluruhan dan ia dapat dijadikan sebagai bahan pengetahuan dan rujukan buat semua rakan sinergi dan pemegang taruh.

Setinggi-tinggi kesyukuran saya panjatkan ke hadrat Allah SWT kerana dengan limpah kurnia-Nya, Yayasan Selangor terus melangkah gagah sebagai institusi penting dalam pembangunan pendidikan negeri. Tahun 2024 menyaksikan Yayasan Selangor meneruskan legasi kecemerlangannya, bukan sahaja sebagai pemacu peluang pendidikan untuk anak-anak Selangor, malah sebagai entiti yang memperkukuh mobiliti sosial dan keadilan pendidikan.

Komitmen Berterusan Memartabatkan Pendidikan Anak Bangsa

Alhamdulillah, segala puji bagi Allah SWT mengurniakan kekuatan dan iltizam kepada kita semua dalam meneruskan perjuangan memartabatkan pendidikan di negeri Selangor. Tahun 2024 merupakan lembaran signifikan bagi Yayasan Selangor sebagai pemangkin kepada agenda pendidikan negeri yang inklusif dan progresif. Sebagai sebuah institusi yang telah berbakti selama berdekad, Yayasan Selangor terus komited melaksanakan mandat sosial dengan berpaksikan prinsip keadilan pendidikan dan pembinaan modal insan.

Tahun ini menyaksikan beberapa pencapaian membanggakan hasil usaha berterusan pihak pengurusan dan sokongan berstruktur daripada Kerajaan Negeri. Antara pencapaian utama termasuk jumlah pelajar cemerlang menerima manfaat biasiswa dan kejayaan program-program pembangunan pendidikan diterajui Yayasan serta program-program Kerajaan Negeri yang dijayakan oleh Yayasan Selangor sebagai agensi pelaksana pendidikan negeri. Kejayaan ini jelas mencerminkan kesungguhan kita dalam menyediakan akses pendidikan berkualiti tanpa mengira latar belakang sosioekonomi.

Yayasan Selangor terus menzahirkan impak positif dalam pencapaian akademik pelajar-pelajarnya di semua peringkat. Kerjasama strategik dilaksanakan adalah melalui penajaan Biasiswa *Future Leaders* merupakan program kerjasama antara Yayasan Telekom Malaysia dan Yayasan Selangor. Menerusinya, pelajar-pelajar terpilih dan di taja ini adalah dalam kalangan pelajar cemerlang dalam bidang teknologi dan digital dari pelbagai universiti serata Malaysia dengan pencapaian Purata Nilai Gred Kumulatif (PNGK (CGPA)) minimum 3.30.

Selain itu, kejayaan pelbagai inisiatif pendidikan ini juga tidak dapat direalisasikan tanpa kerjasama strategik antara Yayasan Selangor dengan pihak berkepentingan lain seperti Jabatan Pendidikan Negeri Selangor dan Kementerian Pendidikan Malaysia. Kerjasama erat ini memastikan setiap dasar pendidikan diselaraskan secara berkesan dan manfaatnya sampai kepada rakyat secara adil dan menyeluruh.

Pelaksanaan beberapa program besar telah memperkukuh kesiapsiagaan pelajar dalam menghadapi peperiksaan besar. Inisiatif ini bukan sahaja menekankan aspek akademik tetapi turut memperkasa pelajar dari segi pengurusan masa, ketahanan mental dan strategi pembelajaran berkesan.

Menjulung Aspirasi Negeri Selangor Melalui Pelaksanaan Tindakan Nyata

Aspirasi Selangor sebagai negeri berdaya saing dan berpengetahuan diterjemahkan melalui tindakan berfokus Kerajaan Negeri melalui Yayasan Selangor dalam memperluas akses kepada pendidikan berkualiti. Strategi inklusif yang diambil termasuk perluasan program BITARA, pengenalan program-program baharu, pemerkasaan pendidikan teknikal dan vokasional (TVET) serta penerapan teknologi pendidikan dalam ekosistem pembelajaran pelajar-pelajar.

Menyedari peranan penting pendidikan dalam membina generasi masa depan, Yayasan Selangor melaksanakan pelbagai inisiatif bantuan pendidikan dengan memberi tumpuan kepada akses pendidikan menyeluruh, merangkumi aspek kewangan, kemudahan, digitalisasi serta pembangunan sahsiah dan kepimpinan pelajar.

Antara program utama yang menjadi tunjang kepada usaha pendidikan inklusif Yayasan Selangor ialah pemberian biasiswa dan dermasiswa melalui Program Rancangan Khas Pendidikan Yayasan Selangor Kementerian Pendidikan Malaysia (RKPYS) kepada pelajar cemerlang dari keluarga berpendapatan rendah. Program ini merangkumi tajaan biasiswa kepada pelajar daripada Tingkatan 1 sehingga ke Tingkatan 5 termasuk kemudahan asrama, program-program akademik, program jati diri dan lain-lain. Bantuan ini amat signifikan dalam memastikan tiada pelajar tercicir hanya kerana kekangan kewangan.

Program Seminar Skor A+ SPM 2024 dilaksanakan dengan anjuran bersama Jabatan Pendidikan Negeri Selangor melibatkan ke semua sembilan daerah di negeri ini dengan capaian jumlah keseluruhan penglibatan murid adalah seramai 1,029 calon SPM dari 66 buah sekolah. Penganjuran program ini merupakan inisiatif komprehensif dalam menyediakan platform terbaik kepada calon peperiksaan SPM 2024 dan bagi meningkatkan kemahiran murid untuk menjawab soalan peperiksaan SPM dengan kaedah dan teknik menjawab yang betul. Objektif penganjuran seminar juga bertujuan untuk meningkatkan pencapaian Gred Purata Negeri (GPN) peratus Layak Mendapat Sijil (LMS) peratus murid cemerlang dalam SPM 2024 khususnya dalam kalangan pelajar tajaan Yayasan Selangor.

Pencapaian bagi Sijil Pelajaran Malaysia (SPM) bagi tahun 2023 menunjukkan hasil memberangsangkan dengan pencapaian 62% pelajar tajaan Yayasan Selangor berjaya memperolehi 5A dan ke atas daripada keseluruhan calon iaitu seramai 695 pelajar. Saya percaya pada tahun 2024, pencapaian ini akan terus meningkat.

Selain itu, Yayasan Selangor turut komited dalam menyalurkan tajaan kepada pelajar yang akan melanjutkan pelajaran di Institusi Pengajian Tinggi (IPT). Bantuan kewangan disediakan untuk menanggung kos pengajian, elaun sara hidup dan sokongan akademik untuk melanjutkan pelajaran ke peringkat lebih tinggi.

Usaha tidak pernah mengkhianati hasil, segala usaha berterusan semestinya menjelmakan hasil berterusan. Hal ini telah dibuktikan menerusi kejayaan seramai 46 orang pelajar Yayasan Selangor yang bergraduasi dengan pencapaian Ijazah Kelas Pertama dengan nilai tajaan sebanyak RM882,650.00. Secara keseluruhannya, usaha gigih Yayasan Selangor dalam menyediakan peluang pendidikan inklusif bukan sahaja membuktikan keprihatinan terhadap masa depan generasi muda, malah turut menyumbang ke arah membina masyarakat berilmu, progresif dan berdaya saing di peringkat global.

Keutuhan Kewangan: Asas Kestabilan dan Keberlanjutan Operasi

Usaha penstrukturan semula aliran perbelanjaan, pemantauan ketat ke atas pelaburan dan perolehan serta peningkatan kecekapan operasi memberikan pulangan positif kepada organisasi. Keutuhan kewangan bukan sahaja menjamin kelangsungan program semasa, malah membolehkan Yayasan Selangor melaksanakan inisiatif baharu dengan lebih berani dan terancang.

Keutuhan kewangan merupakan tunjang penting dalam memastikan kestabilan operasi sesebuah organisasi. Dalam persekitaran ekonomi semakin mencabar, pengurusan kewangan yang cekap dan berhemat serta menjadi keutamaan bagi memastikan kelangsungan program perkhidmatan memberi impak kepada masyarakat. Keupayaan untuk menyesuaikan strategi kewangan dengan keperluan semasa menjadi asas penting dalam memastikan organisasi kekal relevan dan mampan.

Yayasan Selangor terus meneliti dan menilai semula struktur aliran perbelanjaan bagi mengenalpasti ruang penambahbaikan. Usaha ini merangkumi pelaksanaan langkah-langkah kawalan kos lebih efektif, pemantauan ke atas pelaburan serta perolehan secara lebih berhemah, dan mempertingkatkan kecekapan operasi harian. Penstrukturan ini bukan sahaja bertujuan mengoptimumkan sumber sedia ada, malah mengurangkan ketirisan dan meningkatkan kecekapan pengurusan dalaman.

Meskipun berdepan dengan keterbatasan sumber kewangan, pendekatan strategik ini membantu yayasan untuk bergerak secara lebih tersusun dalam merancang inisiatif baharu. Tumpuan diberikan kepada program bersifat lestari dan mempunyai nilai pulangan sosial tinggi. Ke arah masa depan, Yayasan Selangor komited untuk terus memperkukuh asas kewangannya demi memastikan setiap usaha pembangunan modal insan dan khidmat komuniti dapat diteruskan secara konsisten dan berimpak.

Menelusuri Masa Depan: Harapan dan Peranan Strategik

Melangkah ke tahun-tahun mendatang, Yayasan Selangor diharapkan terus memainkan peranan penting sebagai pemangkin dalam memperkasa pendidikan dan pembangunan modal insan negeri. Dunia pendidikan sentiasa berubah memerlukan institusi seperti Yayasan untuk bersikap tangkas, adaptif, dan berpandangan jauh dalam menangani cabaran serta peluang yang muncul. Sebagai peneraju dalam membantu golongan pelajar yang memerlukan, Yayasan perlu kekal teguh dengan asas perjuangannya dan menjadikan pendidikan sebagai landasan mobiliti sosial serta transformasi masyarakat.

Dalam menghadapi arus digitalisasi dan globalisasi, Yayasan Selangor harus proaktif dalam meneroka pendekatan baharu lebih inovatif dan inklusif. Penggunaan teknologi perlu diperkasa untuk memperluas capaian, meningkatkan akses kepada ilmu, serta mempertingkatkan keberkesanan program-program sokongan akademik. Di samping itu, pemerksaan kemahiran insaniah dan pembangunan sähsia turut menjadi elemen penting dalam memastikan pelajar bukan sahaja cemerlang dalam bidang akademik, tetapi juga seimbang dari segi emosi, sosial dan kepimpinan.

Keberkesanan intervensi sosial Yayasan juga harus diperkukuh melalui pendekatan berasaskan data, kerjasama strategik dan pemantauan sistematik. Dalam era yang menuntut penyelesaian bersifat menyeluruh, kolaborasi bersama sektor awam, swasta dan komuniti menjadi kunci kepada impak yang mampan. Yayasan tidak hanya perlu bertindak sebagai penyumbang sumber, tetapi sebagai rakan strategik dalam membentuk ekosistem pendidikan inklusif dan responsif kepada keperluan semasa serta masa depan.

Akhirnya, harapan saya adalah agar setiap pelajar di bawah naungan Yayasan Selangor diberikan peluang untuk merentasi batas impian mereka dan mencipta kejayaan dalam bidang pilihan masing-masing. Setiap individu yang dibantu adalah aset masa depan negeri dan kejayaan mereka merupakan cerminan kejayaan Yayasan secara keseluruhan. Dengan iltizam berterusan dan hala tuju jelas, saya percaya Yayasan Selangor mampu terus menjadi institusi unggul yang memberi makna kepada harapan, dan menzahirkan potensi setiap anak bangsa.

Penghargaan dan Pengiktirafan

Saya merakamkan setinggi-tinggi penghargaan kepada seluruh Ahli Lembaga Pemegang Amanah, pihak pengurusan, warga kerja Yayasan Selangor, pendidik, ibu bapa serta semua rakan strategik yang telah menyumbang tenaga dan pemikiran ke arah pencapaian cemerlang ini. Pengiktirafan juga saya tujukan kepada pelajar yang gigih berusaha dan terus menjulang nama Yayasan. Sesungguhnya kejayaan ini adalah hasil kerjasama kolektif tidak ternilai.

Marilah kita terus berganding bahu, memperkukuh asas pendidikan negeri dan memacu Yayasan Selangor ke arah masa depan yang lebih gemilang demi kemajuan rakyat dan negeri Selangor Darul Ehsan.

DATO' SERI AMIRUDIN SHARI

Dato' Menteri Besar Selangor

Merangkap Pengerusi Ahli Lembaga Pemegang Amanah Yayasan Selangor

PERUTUSAN PEMANGKU KETUA PEGAWAI EKSEKUTIF YAYASAN SELANGOR

“Untuk itu, kami mula melaksanakan beberapa langkah untuk meningkatkan amalan kelestarian dalam operasi yayasan. Dalam hal ini, kami juga berusaha untuk memastikan bahawa setiap dana yang diterima digunakan dengan cara yang bertanggungjawab dan berkesan, selaras dengan prinsip kelestarian yang kami junjung tinggi.”

Assalamualaikum dan salam sejahtera,
Salam Kita Selangor Maju Bersama.
Salam Malaysia Madani.

Dengan nama Allah Yang Maha Pemurah lagi Maha Penyayang.

Alhamdulillah, syukur kita ke hadrat Allah SWT kerana dengan izin-Nya, Yayasan Selangor dapat terus melaksanakan tanggungjawab sosialnya dalam membangunkan masyarakat di negeri Selangor. Pada tahun 2024, kita telah mencapai pelbagai pencapaian yang membanggakan, dan di dalam laporan tahunan ini, saya ingin berkongsi sorotan tentang perjalanan Yayasan Selangor dalam mengukuhkan komitmen Yayasan Selangor terhadap pendidikan, kebajikan, kewangan, pembangunan hartanah, serta kelestarian dan kemampanan organisasi kami.

Pendidikan Adalah Pelaburan untuk Masa Depan

Pendidikan adalah nadi kepada pembangunan masyarakat, dan Yayasan Selangor tetap berpegang teguh kepada prinsip ini. Sepanjang tahun 2024, kami telah berjaya menyalurkan lebih banyak bantuan pendidikan kepada anak-anak Selangor yang berpotensi tinggi namun kurang berkemampuan. Lebih daripada 5,000 pelajar

telah menerima bantuan biasiswa, dermasiswa, dan bantuan kewangan, memberi mereka peluang untuk melanjutkan pengajian di peringkat yang lebih tinggi.

Kami juga menyedari bahawa pendidikan bukan sekadar tentang pembelajaran akademik, tetapi juga tentang pembangunan sahsiah dan keusahawanan. Oleh itu, selain daripada sokongan kewangan, kami telah memperkenalkan program bimbingan yang merangkumi aspek pengembangan diri dan persediaan menghadapi alam pekerjaan. Kami berazam untuk memperluas inisiatif ini, mengutamakan penyediaan pendidikan yang lebih holistik dan menyeluruh, agar pelajar-pelajar Yayasan Selangor mampu menjadi pemimpin masa depan yang kompeten dan berintegriti.

Menurut Al-Ghazali, Pendidikan ialah proses memanusiakan manusia sejak masa kejadiannya sampai akhir hayatnya melalui pelbagai ilmu pengetahuan yang disampaikan dalam bentuk pengajaran secara bertahap. Stanco Pendidikan Negeri Selangor menerusi program yang dilaksanakan di bawah Yayasan Selangor pula melaksanakan program antaranya e-Baucar Buku Siswa Kita Selangor, Geran Penyelidikan Negeri Selangor, SISPRO, Jerayawara, *Selangor Intellectual Discourse* (SID) dan projek baik pulih fasiliti asrama Yayasan Selangor.

Pengurusan kewangan yang telus dan bertanggungjawab

Pada tahun 2024, Yayasan Selangor terus mengukuhkan kedudukannya sebagai entiti yang bertanggungjawab dalam pengurusan kewangan. Kami telah menilai semula strategi kewangan yayasan dengan lebih teliti bagi memastikan dana yang disalurkan untuk program-program kami benar-benar memberi impak kepada masyarakat. Kami turut memperkenalkan pendekatan yang lebih digital dalam pengurusan peruntukan kewangan untuk meningkatkan ketelusan dan memastikan proses yang lebih cekap.

Kita sedar bahawa untuk terus memberi sumbangan yang berkesan, Yayasan Selangor perlu mempunyai asas kewangan yang kukuh. Oleh itu, kami turut memanfaatkan peluang dalam pelaburan yang berpotensi menghasilkan pendapatan berterusan, yang akan menyokong kelestarian program-program kami pada masa hadapan. Ini termasuklah pembangunan hartanah yang strategik, yang bukan sahaja memberi pulangan kewangan tetapi juga memberi impak positif kepada masyarakat sekitar.

Membangun dengan Tanggungjawab Sosial

Salah satu fokus utama Yayasan Selangor dalam memperkukuhkan daya saing kewangan adalah melalui pembangunan aset dan hartanah. Tahun ini, bermula beberapa projek pembangunan hartanah yang berpotensi memberikan pulangan yang mampan. Namun, kami sentiasa memastikan bahawa setiap projek ini dijalankan dengan penuh tanggungjawab sosial. Selain daripada memberikan peluang pelaburan yang menguntungkan, projek-projek ini juga memberi impak positif kepada komuniti setempat melalui penciptaan pembangunan infrastruktur dan peluang pekerjaan.

Kami berkomitmen untuk menjalankan setiap projek pembangunan hartanah dengan mematuhi piawaian alam sekitar yang tinggi dan berpegang kepada prinsip kelestarian. Pembangunan kami bukan sekadar berorientasikan keuntungan, tetapi lebih kepada kesejahteraan rakyat Selangor, dengan mengambil kira elemen kelestarian dan kemampanan dalam setiap perancangan dan pelaksanaan.

Pembangunan Modal Insan yang Berkualiti

Kakitangan adalah aset terbesar bagi Yayasan Selangor. Kami berusaha untuk memastikan setiap anggota kakitangan kami diberi peluang untuk berkembang, baik dari segi kemahiran mahupun kesejahteraan. Program latihan dan pembangunan profesional sentiasa dipertingkatkan bagi memastikan mereka sentiasa bersedia menghadapi cabaran yang semakin kompleks. Kami percaya bahawa dengan kakitangan yang terlatih dan berkemahiran tinggi, kami dapat memberikan perkhidmatan terbaik kepada masyarakat.

Kami juga komited dalam memastikan kesejahteraan kakitangan terjaga dengan memberi perhatian kepada keseimbangan kehidupan dan kerja serta menyediakan faedah-faedah sesuai dengan keperluan mereka. Semangat bekerja secara berpasukan dan komitmen kepada matlamat yayasan adalah antara faktor utama yang menjadikan Yayasan Selangor terus maju.

Menjaga Masa Depan Bersama

Salah satu agenda besar bagi Yayasan Selangor adalah untuk memastikan setiap usaha yang kami lakukan bersifat lestari dan mampan. Kelestarian dalam konteks ini bukan hanya bermaksud kelestarian alam sekitar, tetapi juga kelestarian dalam memberikan impak positif kepada masyarakat dalam jangka masa panjang. Kami komited untuk melaksanakan program-program yang tidak hanya memberi manfaat hari ini, tetapi yang akan memberi manfaat berterusan pada masa depan.

Untuk itu, kami mula melaksanakan beberapa langkah untuk meningkatkan amalan kelestarian dalam operasi yayasan. Dalam hal ini, kami juga berusaha untuk memastikan bahawa setiap dana yang diterima digunakan dengan cara yang bertanggungjawab dan berkesan, selaras dengan prinsip kelestarian yang kami junjung tinggi.

Secara keseluruhannya, saya ingin mengucapkan terima kasih kepada semua pihak yang telah memberikan sokongan kepada Yayasan Selangor, sama ada dari segi kewangan, kerjasama atau tenaga kerja. Kejayaan yang kami capai pada tahun 2024 ini adalah hasil usaha bersama, dan saya percaya bahawa dengan komitmen berterusan, kita akan dapat menghadapi segala cabaran dan meneruskan misi kami untuk memajukan masyarakat Selangor.

Dengan sokongan yang berterusan daripada semua pihak, saya yakin Yayasan Selangor akan terus menjadi agensi yang relevan dan berkesan dalam menyokong pembangunan masyarakat yang lebih seimbang, berdaya saing, dan mampan. Mari kita terus bekerjasama untuk mewujudkan masa depan yang lebih baik untuk rakyat Selangor.

Sekian, terima kasih.

Alhamdulillah, pagi 12 Ramadan ini saya luangkan dengan bersahur bersama 268 pelajar Yayasan Selangor (YS) dan tenaga pengajar sempena Program Rewang Sahur di asrama YS di Klang.

Program dimulakan dengan aktiviti 'rewang' menyediakan juadah sahur dan melawat ke asrama pelajar lelaki Yayasan Selangor Klang. Yayasan Selangor turut menyumbangkan duit raya kepada pelajar selain mengagihkan pek sahur kepada anggota polis, bomba dan penguat kuasa Majlis Bandaraya Diraja Klang.

Saya sempat berpesan kepada anak-anak YS agar merebut peluang melakar memori serta membentuk keperibadian yang tinggi semasa menuntut di Yayasan Selangor kerana dalam sejuta pelajar di Selangor, hanya mereka yang terpilih dan berpeluang untuk mendapat pendidikan di YS.

Insyallah, saya yakin anak-anak ini akan terus tumbuh sebagai belia yang berilmu dan beradab dalam memimpin perjalanan negara di masa hadapan.

CHAIRMAN MESSAGE YAYASAN SELANGOR

This year marks several noteworthy achievements resulting from the continuous efforts of the management and the structured support provided by the State Government.

Key accomplishments include the increased number of high-achieving students benefiting from scholarship opportunities, as well as the successful implementation of various education development programmes led by the Foundation. Yayasan Selangor has also effectively managed and delivered State Government education initiatives in its role as the mandated implementing agency.

Assalamualaikum Warahmatullahi Wabarakatuh,
Salam Sejahtera,
Salam Malaysia Madani, Salam Kita Selangor Maju
Bersama.

We are deeply grateful for the blessings and opportunities that have allowed us to present the Yayasan Selangor (YS) Annual Report. On behalf of the Yayasan Selangor, I am honoured to present the 2024 Annual Report, outlining our performance and progress over the past year. Designed as a comprehensive record, this Annual Report outlines Yayasan Selangor's yearly activities and aims to support informed engagement among our partners and stakeholders.

With the utmost gratitude, I would like to express my highest gratitude to Allah S.W.T as Yayasan Selangor continues to progress as a key institution in the advancement of education within the state. The year 2024 will see Yayasan Selangor uphold its legacy of excellence, serving both as a catalyst for educational opportunities for Selangor's children and as a champion of social mobility and educational justice.

Commitment to Upholding the Dignity of Education for Our Nation's Children

Alhamdulillah, we have all been granted strength and commitment to continue the noble pursuit of advancing education in the state of Selangor.

In 2024, Yayasan Selangor celebrates a significant milestone as a key driver of the state's inclusive and forward-thinking education agenda. With decades of established service, Yayasan Selangor remains fully committed to executing its social mandate, anchored by the core principles of educational equity and strategic human capital development. This year has witnessed several notable achievements, the result of sustained efforts by management and structured support from the state government.

Key achievements include the awarding of scholarships to outstanding students, the successful execution of education development programs led by the foundation, and the effective implementation of state government initiatives by Yayasan Selangor as the state's designated education agency. The outcomes achieved reflect our strategic commitment to making quality education accessible to every student, regardless of their socio-economic circumstance.

Yayasan Selangor continues to deliver a positive and measurable impact on the academic performance of its students across all educational levels. This strategic partnership is realized through the Future Leaders Scholarship programme, a collaborative initiative between Yayasan Selangor and Yayasan Telekom Malaysia. Through this programme, top-performing students in the fields of technology and digital studies were selected from various universities across Malaysia, with a minimum Cumulative Grade Point Average (CGPA) of 3.30.

Furthermore, the success of these various educational initiatives would not have been possible without the strategic cooperation between the Yayasan Selangor and other stakeholders such as the Selangor Education Department and the Ministry of Education (MOE). This close collaboration ensures the effective alignment of all educational initiatives, enabling their benefits to be delivered to the people in an equitable and comprehensive manner.

Several flagship programmes have been introduced to strengthen students' preparedness for major examinations, focusing not only on academic achievement but also on building critical soft skills such as time management, emotional resilience, and strategic learning approaches.

Realising Selangor's Aspirations Through Strategic and Impactful Action

Selangor's aspiration to be a competitive and knowledge-based state is translated through focused actions by the state government through Yayasan Selangor in expanding access to quality education. These inclusive strategies include scaling up the BITARA Programme, launching new targeted initiatives, enhancing TVET pathways, and embedding educational technology across the student learning environment.

Understanding the importance of education as a driver of future progress, Yayasan Selangor implements targeted educational support strategies that ensure equitable access, with a focus on financial assistance, facility enhancement, digital integration, and the cultivation of student leadership and character.

One of the main programmes supporting by Yayasan Selangor inclusive education efforts is the provision of scholarships and bursaries through the Rancangan Khas Pendidikan Kementerian Pendidikan Malaysia – Yayasan Selangor (RKPYS) to outstanding students from low-income families. This programme includes scholarship grants for students from Form 1 to Form 5, including boarding facilities, academic programmes, character-building programmes, and others. This support is crucial in ensuring that no student is left behind due to financial constraints.

In partnership with the Selangor Education Department, the SPM 2024 A+ Score Seminar Programme was successfully delivered across all nine districts, with participation from 1,029 SPM candidates representing 66 schools. This programme represents a comprehensive initiative designed to provide an optimal platform for SPM 2024 candidates, enhancing their skills in effectively answering examination questions through proven methods and techniques. The seminar also aims to enhance the State Average Grade (Gred Purata Negeri, GPN), increase the percentage of students eligible for certification, and boost the proportion of outstanding students in the 2024 SPM, with a particular focus on those sponsored by Yayasan Selangor.

In the 2023 SPM, 62% of students sponsored by Yayasan Selangor attained 5A grades or above, out of 695 candidates, a promising achievement that we expect to surpass in 2024.

In addition, Yayasan Selangor is committed to providing comprehensive financial assistance to students pursuing higher education at institutions of higher learning (IPT). This support covers tuition fees, living expenses, and academic resources, while also fostering and encouraging students' interest in continuing their studies to advanced levels.

Hard work consistently delivers results, as demonstrated by the success of 46 Yayasan Selangor students who graduated with First Class honours and collectively received scholarships totalling RM882,650.00. Yayasan Selangor's unwavering commitment to providing inclusive educational opportunities not only supports the future of the younger generation but also contributes significantly to the development of a knowledgeable, progressive, and globally competitive society.

Financial Integrity: The Basis of Stability and Operational Sustainability

Efforts to restructure expenditures, closely monitor investments and acquisitions, and enhance operational efficiency have generated positive returns for the organisation. Upholding financial integrity not only secures the continuity of existing programmes but also empowers Yayasan Selangor to pursue new initiatives with increased confidence and strategic foresight.

Financial integrity is an important pillar in ensuring the stability of an organisation's operations. In an increasingly challenging economic environment, efficient and prudent financial management is essential to ensuring the continuity of service programmes that impact the community. The ability to adapt financial strategies to current needs is fundamental to ensuring that organisations remain relevant and resilient.

Yayasan Selangor continually reviews and reassesses its spending structure to identify areas for improvement. This process includes implementing more effective cost control measures, enhancing the monitoring of investments and revenue, and improving operational efficiency. The restructuring aims not only to optimise existing resources but also to reduce waste and strengthen internal management. Despite financial constraints, this strategic approach has enabled the Foundation to move forward in a more structured and focused manner in designing new initiatives. Emphasis is placed on sustainable programmes that deliver high social impact and long-term value. Looking ahead, Yayasan Selangor remains committed to reinforcing its financial foundation to ensure that all efforts in human capital development and community service are sustained with consistency and measurable impact.

Exploring the Future: Aspirations and Strategic Roles

Looking ahead, Yayasan Selangor is expected to continue serving as a key catalyst in advancing education and human capital development within the state. In an evolving educational landscape, the Foundation must remain agile, adaptive, and forward-thinking in responding to emerging challenges and seizing new opportunities. As a leading institution supporting students in need, Yayasan Selangor must stay true to its founding principles and uphold education as the cornerstone of social mobility and societal transformation.

In the era of digitalisation and globalisation, Yayasan Selangor must be proactive in exploring new approaches that are more innovative and inclusive. The use of technology must be strengthened to expand reach, enhance access to knowledge, and improve the effectiveness of academic support programmes. Additionally, the development of human skills and character building are also crucial elements in ensuring that students are not only academically outstanding but also balanced in terms of emotional, social, and leadership aspects.

The effectiveness of the foundation's social interventions must also be reinforced through a data-driven approach, strategic partnerships and systematic monitoring. In an era that demands comprehensive solutions, collaboration between the public, private and community sectors is key to achieving sustainable impact. The Foundation must not only act as a contributor of resources, but also as a strategic partner in shaping an inclusive and responsive education ecosystem that addresses both current and future needs. Finally, I hope that every student supported by Yayasan Selangor is given the opportunity to reach their full potential and succeed in their chosen careers. Every individual we assist is a valuable contributor to the nation's future, and their achievements represent the true success of the foundation. With continued commitment, good governance, and a clear strategic vision, I am confident that Yayasan Selangor will remain a respected institution one that brings hope, empowers talent, and creates lasting impact for the next generation.

Acknowledgements and Appreciation

I would like to express my deepest appreciation to the Board of Trustees, management team, staff of Yayasan Selangor, educators, parents, and all strategic partners whose dedication and contributions have been instrumental in achieving this outstanding success. I also extend my sincere recognition to the students who have demonstrated unwavering diligence and pride in representing the Foundation. This achievement is truly the result of invaluable collective collaboration and shared commitment.

Let us continue to collaborate closely, strengthen the foundation of education across the state, and drive Yayasan Selangor toward a brighter future for the advancement of both the people and the state of Selangor Darul Ehsan.

Also serving as the Chairman of the Board of Trustees of Yayasan Selangor

MESSAGE FROM THE ACTING CHIEF EXECUTIVE OFFICER YAYASAN SELANGOR

“For that reason, we have started taking steps to improve sustainability in the foundation’s operations. We also strive to make sure every fund we receive is used responsibly and effectively, following our strong commitment to sustainability.”

Assalamualaikum and Salam Sejahtera,
Salam Kita Selangor Maju Bersama.
Salam Malaysia Madani.

Alhamdulillah, we are deeply thankful to Allah S.W.T for His blessings, which have enabled Yayasan Selangor to continue its important role in supporting community development throughout the state of Selangor. In 2024, we have achieved numerous proud milestones. In this annual report, I am pleased to share key highlights of Yayasan Selangor’s journey in reinforcing our commitment to education, charitable initiatives, financial management, property development, as well as the sustainability and stability of our organisation.

Education Is an Investment in the Future

Education is a heartbeat of community development, and Yayasan Selangor remains steadfast in upholding this core principle as part of its strategic mission. Throughout 2024, we successfully expanded the delivery of educational assistance to high-potential Selangor students from underprivileged backgrounds. More than 5,000 students have received scholarships, bursaries, and financial assistance, providing them with the opportunity to pursue higher education.

We also recognise that education is not solely about academic learning, but equally about character development and nurturing an entrepreneurial mindset. Accordingly, beyond financial assistance, we have introduced a structured mentoring programme focused on self-development and career preparedness. We remain committed to expanding this initiative, with an emphasis on delivering a more holistic and integrated educational experience, empowering Yayasan Selangor students to become competent, ethical, and next generation leaders.

According to Al-Ghazali, education is the lifelong process of humanising individuals from the moment of their creation until the end of their lives, through the gradual transmission of diverse forms of knowledge. Standco Pendidikan Selangor, through programmes implemented under Yayasan Selangor, carries out initiatives including e-Baucar Buku Siswa Kita Selangor, Geran Penyelidikan Negeri Selangor, Selangor Internship Student Programme (SISPRO), Jerayawara, Selangor Intellectual Discourse (SID), and the refurbishment of Yayasan Selangor dormitory facilities.

Financial Management with Transparency and Responsibility

In 2024, Yayasan Selangor continues to strengthen its position as a responsible entity in financial management. We have conducted a thorough reassessment of the foundation's financial strategy to ensure that the funds allocated to our programmes effectively contribute to positive outcomes for the community. We are also adopting a more digital approach to financial allocation management to enhance transparency and ensure greater efficiency in our processes.

We recognise that sustaining meaningful contributions requires Yayasan Selangor to maintain a robust and resilient financial foundation. Therefore, we are also taking advantage of opportunities in investments that have the potential to generate continuous income, which will support the sustainability of our programmes in the future. This includes strategic property development that provides financial returns and benefits the local community.

Building with Social Responsibility

One of the Yayasan Selangor's main focuses for strengthening financial competitiveness is through the development of assets and real estate. This year, several property development projects have been launched with the potential to generate significant and sustainable returns. However, we remain committed to executing each project with utmost social responsibility. Besides providing profitable investment opportunities, these projects also positively impact local communities by creating infrastructure and job opportunities.

We are committed to delivering every property development project in compliance with high environmental standards and following the sustainability guidelines. Our development projects focus not just on profit, but also on the well-being of the people of Selangor, making sure sustainability is part of every plan and action.

Building Quality Modal Insan

Human capital is the greatest asset of Yayasan Selangor. We are committed to ensuring that every member of our workforce is provided with equitable opportunities for growth, encompassing both skills enhancement and overall well-being. Our training and professional development programmes are continuously refined and strengthened to equip our staff with the capabilities required to navigate increasingly complex challenges. We firmly believe that a well-trained, competent, and resilient workforce is key to delivering the highest standard of service to the community.

In addition, we are dedicated to safeguarding the well-being of our staff by promoting a healthy work-life balance and offering benefits that are aligned with their needs. A strong spirit of teamwork and enduring commitment to the foundation's mission remain key driving forces behind Yayasan Selangor's continued progress.

Securing a Better Future Together

One of Yayasan Selangor's main goals is to make sure all our efforts are sustainable and lasting. In this context, sustainability means not only protecting the environment but also making sure we create positive, lasting benefits for the community. We are committed to implementing programs that deliver immediate benefits while ensuring lasting positive effects for the future.

For that reason, we have started taking steps to improve sustainability in the foundation's operations. We also strive to make sure every fund we receive is used responsibly and effectively, following our strong commitment to sustainability.

In conclusion, I would like to express my sincere gratitude to all parties who have extended their support to Yayasan Selangor, be it through financial assistance, collaboration, or manpower. The achievements we have made in 2024 are proof of our dedication and hard work as a team. I am confident that, with strong dedication, we are prepared to face all challenges and continue to pursue our mission of uplifting the Selangor community.

With the ongoing support from all parties, I am confident that Yayasan Selangor will continue to be a relevant and effective agency in supporting the development of a more balanced, competitive, and sustainable community. Let us keep working together to build a better future for the people of Selangor.

Thank You.

Corporate Information

OVERVIEW AND BACKGROUND OF THE YAYASAN SELANGOR

Yayasan Selangor was established on 5 November 1970 and officially registered under the Companies Act 1965 as a company limited by guarantee. The foundation was originally founded on the vision of the late Dato' Seri Harun Idris, the 8th Chief Minister of Selangor, who also served as the foundation's first Chairman.

1970

The official opening and first student intake at Dr. Latiff Hostel, Jalan Gurney, Kuala Lumpur, took place on 27 May 1971. This hostel accommodates male students attending Victoria Institution, St. John Institution, and Methodist Boys' School, Kuala Lumpur.

1971

The intake of students at Tun Dr Ismail Hostel and Toh Puan Norashikin Hostel, Kampung Pandan, Kuala Lumpur, began in 1975. These hostels accommodate sponsored students attending Sekolah Convent Jalan Peel, Sekolah Jalan Cochrane, Sekolah Aminuddin Baki, Sekolah Convent Bukit Nanas, and Bukit Bintang Girls' School (BBGS).

1975

In 1984, the Yayasan Selangor began funding sponsored students pursuing studies at public higher education institutions (IPTA). In addition to providing meal subsidies through Program Rancangan Khas Pendidikan KPM-Yayasan Selangor and Biasiswa Kecil Persekutuan (BKP), the foundation also introduced a student loan financing scheme for both domestic and international students.

1984

The HIPERS (High Performance Rural School) program, launched in 1986, was implemented in 10 primary schools across Selangor. Its main objective was to improve the academic performance of rural students in the Ujian Penilaian Sekolah Rendah (UPSR). The program successfully boosted student and school performance, thereby enhancing the excellence of rural students in the UPSR.

1986

Before the Asrama Yayasan Selangor Klang (AYSK) opened, Yayasan Selangor students were housed at Sekolah Menengah Kebangsaan (SMK) Tengku Ampuan Rahimah and SMK Tinggi Klang. In 1988, AYSK began operations by admitting its first cohort of Form One students and relocating students from those two schools. That same year, sponsored students were also placed in four daily boarding schools in the district: SM Dato' Harun (Tanjong Karang), SM Telok Datok, SM Sultan Abdul Aziz Shah (Kajang), and SM Kuala Kubu Bharu.

1988

At AYSK, students stay at five schools around Klang: Sekolah Tinggi Klang, La Salle Klang, Methodist Boys Klang, Methodist Girls Klang, and Sekolah Convent Klang. This helps them improve their English skills. The hostel has two blocks, one for boys and one for girls, a dining hall, prayer room, multipurpose hall, science labs, prep classes, and sports facilities. Transportation is provided by a bus, a van, and rented buses. The hostel can accommodate up to 350 students.

Yayasan Selangor expanded its education program with a focus on human capital development by taking over the management of Kem Bina Semangat in Ampang Pecah, Kuala Kubu Bharu, from the Selangor State Government. Located 65 km from Kuala Lumpur, the camp is surrounded by lush green hills and is situated near the Sungai Selangor, making it an ideal location for a variety of training activities.

1993

The Yayasan Selangor Sabak Bernam hostel was opened in 1994 and was officially launched during Yayasan Selangor's Silver Jubilee Celebration in 1995. Initially, the hostel accommodated 100 male students enrolled at SMK Ungku Aziz and SMK Tunku Abdul Rahman within the Sabak Bernam district.

1995

The PEKA 21 Programme is a transformation and enhancement of the previously implemented HIPERS initiative. It was launched to strengthen students' academic excellence and has since been expanded to cover 50 schools across the state of Selangor.

1999

This Skills Training Centre has produced a competent workforce in the field of electrical competency across the country. The institute offers full-time courses such as the Single-Phase Electrical Wiring Course (PW2) and the Refrigeration and Air Conditioning Technology Course. Meanwhile, the Three-Phase Electrical Wiring Course (PW4) is offered on a part-time basis.

1992

Yayasan Selangor further expanded its educational vision through the establishment of INPENS College, aimed at producing a skilled and technologically proficient workforce. Now operating in Kuala Selangor, INPENS College serves as a technical training institution offering programmes aligned with advancements in Industrial Revolution (IR4.0) technology.

1994

This year, Yayasan Selangor has expanded its district hostel student intake by placing students at Sekolah Menengah Kebangsaan Damansara Utama (SMKDU) under the Yayasan Selangor Special Education Programme.

1998

Yayasan Selangor has played a key role in advancing higher education in the state through the establishment of the Selangor Industrial University, now known as Universiti Selangor (UNISEL). The university serves as a higher education institution offering a wide range of academic and skills-based programmes aligned with industry needs and the state's economic development agenda.

1999

Rancangan Khas Pendidikan Yayasan Selangor (RKPYS) has become a signature initiative of the Foundation. This year, Yayasan Selangor expanded its collaboration by including six Sekolah Agama Bantuan Kerajaan (SABK) (SABK) under the RKPYS programme

2013

Reintroduced in 2014, this programme supports Year 6 and Form 5 students across 10 primary and 10 secondary schools in Selangor to enhance their academic performance. It aims to enable students from rural and suburban areas to pursue further education at selected schools and higher education institutions. The programme is supported by the Jabatan Pendidikan Negeri Selangor (JPN Selangor), with participant numbers expected to increase annually.

2017

2008

Rancangan Khas Pendidikan Yayasan (RKPYS) has expanded its student enrolment by including Maahad Tahfiz Sains & Teknologi JAIS. In addition to academic learning, Yayasan Selangor also places strong emphasis on religious education among its students.

2014

The Online Free Tuition Programme is the Selangor state government's first initiative to elevate the quality of education in the state. Yayasan Selangor has been appointed as the implementing agency in collaboration with the state government.

Through this application, students can access learning videos and practice questions by topic for each subject, which helps strengthen their understanding. Registered students can revise their lessons anytime and anywhere using a smartphone or other device.

In conjunction with Yayasan Selangor's 50th anniversary, the foundation formalised strategic partnerships with 18 public and private agencies to implement educational programmes. This initiative aims to strengthen collaborative networks to enhance access to and the quality of education in Selangor. Through these partnerships, various programmes and initiatives will be jointly conducted, providing broader benefits to students and the local community.

2022

Yayasan Selangor has undergone a corporate identity rebranding as part of efforts to strengthen the organisation's image and vision. The launch of the new logo marks a significant milestone in renewing and modernising Yayasan Selangor's identity to better reflect current developments and demonstrate its ongoing commitment to advancing education and human development in Selangor.

This plan encompasses various initiatives and strategies aimed at enhancing the quality of teaching, learning, and access to education for all segments of society. ASRAMA YAYASAN SELANGOR KLANG (AYSK)

Asrama Yayasan Selangor Klang (AYSK) has been in operation for 36 years since its establishment in 1988. Located at Jalan Raya Barat, Klang, the hostel is one of the key educational facilities in Selangor. AYSK is the fourth central hostel complex built by Yayasan Selangor and the first to be specifically designed to accommodate both male and female students within the same complex—an innovative approach at the time that enabled more efficient hostel administration.

As of December 2024, the hostel accommodated 264 students, 143 male and 121 female. The hostel plays an important role in providing a safe and supportive living environment, helping students focus on their studies and personal growth without worrying about accommodation.

ASRAMA YAYASAN SELANGOR SABAK BERNAM (AYSSB)

The hostel was established in 1994 as part of Yayasan Selangor's commitment to providing comprehensive educational facilities, particularly for students in need of hostel accommodation to pursue their studies.

Its official opening was held in 1995 during Yayasan Selangor's Silver Jubilee celebration, marking the foundation's 25th anniversary and reinforcing its dedication to strengthening education in the state.

Since its inception, the hostel has been designated exclusively for male students, offering a comfortable and well-managed learning and living environment.

Transformation & Quality Management

TRANSFORMATION & QUALITY MANAGEMENT

INTRODUCTION

The Yayasan Selangor Education Division Transformation Project commenced in February 2022 and is being undertaken by the University of Malaya Consultancy Unit. The project aims to develop Key Performance Indicators (KPIs) for the Yayasan Selangor Education Division, in line with its role as the Lead Agency for education across the state of Selangor.

IMPLEMENTATION PHASE

Phase 1 of the project, namely the study on the effectiveness of Yayasan Selangor's existing education business model, was carried out with the following key components:

Phase 2 focuses on the following elements:

During the project's implementation, YS Management identified the need for UPUM to integrate elements of the Selangor State Education Strategic Plan (SELESTARI) 2023–2030 into the project.

The incorporation of SELESTARI elements, along with KPIs to enhance YS's education workforce capacity in fulfilling the responsibilities of the Selangor Education Standing Committee, requires careful consideration and falls outside the original project scope due to the restructuring undertaken.

Therefore, UPUM submitted an Extension of Time (EOT) request, which was approved by YS Management, extending the project until 30 December 2024 without incurring any additional costs.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF
YAYASAN SELANGOR (197001000833)
(A Company Limited By Guarantee)
(Incorporated in Malaysia)**

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **YAYASAN SELANGOR**, which comprise the statements of financial position as at 31 December 2024, statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Foundation for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Foundation as at 31 December 2024, and of their financial performance and their cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Foundation in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Material Uncertainty Related to Going Concern

We draw attention to Note 3(b) in the financial statements, which indicates that the Foundation incurred a net loss of RM 20,111,780 (2023: RM 10,162,559) during the year ended 31 December 2024 and as of that date, the Foundation's current liabilities exceeded its current assets by RM 11,860,793 (2023: RM 10,296,207). As stated in Note 3(b), these events or conditions, along with other matters as set forth in Note 3(b), indicate that a material uncertainty exists that may cast significant doubt on the Foundation's ability to continue as a going concern. Notwithstanding these matters, the directors have assessed the Foundation's financial position and have initiated steps to enhanced its liquidity and operational performance. Our opinion is not modified in respect of this matter.

Information Other than the Financial Statements and Auditors' Report Thereon (continued)

The trustees of the Foundation are responsible for the other information. The other information comprises the Trustees' Report but does not include the financial statements of the Group and of the Foundation and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Foundation does not cover the Trustees Report and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Foundation, our responsibility is to read the Trustees' Report and, in doing so, consider whether the Trustees' Report is materially inconsistent with the financial statements of the Group and of the Foundation or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the Trustees' Report, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Trustees' for the Financial Statements

The trustees of the Foundation are responsible for the preparation of financial statements of the Group and of the Foundation that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The trustees are also responsible for such internal control as the trustees determine is necessary to enable the preparation of financial statements of the Group and of the Foundation that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Foundation, the trustees are responsible for assessing the Group's and Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the Group and Foundation or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Foundation as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Foundation, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group and of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the trustees¹.
- Conclude on the appropriateness of the trustees' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group and Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Foundation or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and the Foundation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Foundation, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the trustees¹ regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**NOTES TO THE FINANCIAL STATEMENTS
31 DECEMBER 2024**

1. CORPORATE INFORMATION

Yayasan Selangor ("The Foundation") is limited by guarantee, incorporated and domiciled in Malaysia.

The registered office and principal place of business of the Foundation is located at Menara Yayasan Selangor, No. 18A, Jalan Persiaran Barat, 46000 Petaling Jaya, Selangor Darul Ehsan.

The financial statements are presented in Ringgit Malaysia ('RM'), which is also the functional currency of the Foundation.

The financial statements were authorised for issue in accordance with a resolution by the Board of Trustees on

03 JUN 2025

2. PRINCIPAL ACTIVITIES

The Foundation is principally engaged in assisting and encouraging the education of Malaysians especially citizens of Selangor through funding generated from rental of building premises and joint venture projects. The principal activity and details of the subsidiary are disclosed in Note 9 to the financial statements. There have been no significant changes in the nature of these activities of the Group and of the Foundation during the financial year.

3. BASIS OF PREPARATION

a. Statement of compliance

The financial statements of the Group and of the Foundation have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards ("IFRSs") and the provisions of the Companies Act 2016 in Malaysia.

b. Basis of measurement

The financial statements have been prepared on the historical cost basis, unless otherwise stated in the notes hereafter.

At 31 December 2024, the Foundation incurred a net loss of RM 20,111,780 (2023: RM 10,162,559) during the year ended 31 December 2024 and as of that date, the Foundation's current liabilities exceeded its current assets by RM 11,860,803 (2023: RM 10,296,207). The Foundation's financial statements have been prepared on the accounting principles applicable to a going concern which contemplates the realisation of assets and the satisfaction of liabilities in the normal course of business. Continuity as a going concern is therefore dependent on the future probability of the Company and the availability of funds meet obligations as and when they fall due.

Company No:
197001000833

4. SIGNIFICANT ACCOUNTING POLICIES

4.1 Basis of accounting

The financial statements of the Group and of the Foundation have been prepared under the historical cost convention except as otherwise stated in the financial statements.

The preparation of financial statements in conformity with MFRSs requires the Trustees to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses and disclosure of contingent assets and contingent liabilities. In addition, the Trustees are also required to exercise their judgement in the process of applying the accounting policies. The areas involving such judgements, estimates and assumptions are disclosed in Note 6 to the financial statements. Although these estimates and assumptions are based on the Trustees' best knowledge of events and actions, actual results could differ from those estimates.

4.2 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Foundation and its subsidiary. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- (a) Power over the investee;
- (b) Exposure, or rights, to variable returns from its involvement with the investee; and
- (c) The ability to use its power over the investee to affect its returns.

If the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) The contractual arrangement with the other vote holders of the investee;
- (b) Rights arising from other contractual agreements; and
- (c) The voting rights of the Group and potential voting rights.

Intragroup balances, transactions, income and expenses are eliminated on consolidation. Unrealised gains arising from transactions with associates and joint ventures are eliminated against the investment to the extent of the interest of the Group in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no impairment.

The financial statements of the subsidiaries are prepared for the same reporting period as that of the Foundation, using consistent accounting policies. Where necessary, accounting policies of subsidiaries are changed to ensure consistency with the policies adopted by the other entities in the Group.

Company No:
197001000833

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

4.2 Basis of consolidation (continued)

Non-controlling interests represent equity in subsidiaries that are not attributable, directly or indirectly, to owners of the parent, and is presented separately in the consolidated statement of profit or loss and other comprehensive income and within equity in the consolidated statement of financial position, separately from equity attributable to owners of the Foundation. Profit or loss and each component of other comprehensive income are attributed to the owners of the parent and to the non-controlling interests. Total comprehensive income is attributed to non-controlling interests even if this results in the non-controlling interests having a deficit balance.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Subsidiaries are consolidated from the date on which control is transferred to the Group up to the effective date on which control ceases, as appropriate. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the financial year are included in the statement of profit or loss and other comprehensive income from the date the Group gains control until the date the Group ceases to control the subsidiary.

Changes in the Foundation owners' ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of consideration paid or received is recognised directly in equity and attributed to owners of the parent.

If the Group loses control of a subsidiary, the profit or loss on disposal is calculated as the difference between:

- (i) The aggregate of the fair value of the consideration received and the fair value of any retained interest; and
- (ii) The previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests.

Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for (i.e. reclassified to profit or loss or transferred directly to retained earnings) in the same manner as would be required if the relevant assets or liabilities were disposed of. The fair value of any investments retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting where applicable, the cost on initial recognition of an investment in associate or joint venture.

4.3 Business combinations

Business combinations are accounted for by applying the acquisition method of accounting.

Company No:
197001000833

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

4.3 Business combinations (continued)

Identifiable assets acquired, liabilities and contingent liabilities assumed in a business combination are measured at their fair value at the acquisition date, except that:

- (a) Deferred tax assets or liabilities and liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with MFRS 112 Income Taxes and MFRS 119 Employee Benefits respectively;
- (b) Liabilities or equity instruments related to share-based payment transactions of the acquiree or the replacement by the Group of an acquiree's share-based payment transactions are measured in accordance with MFRS 2 Share-based Payment at the acquisition date; and
- (c) Assets (or disposal groups) that are classified as held for sale in accordance with MFRS 5 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that Standard.

Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the serviced are received.

Any contingent consideration payable is recognised at fair value at the acquisition date. Measurement period adjustments to contingent consideration are dealt with as follows:

- (a) If the contingent consideration is classified as equity, it is not remeasured and settlement is accounted for within equity.
- (b) Subsequent changes to contingent consideration classified as an asset or liability that is a financial instrument recognition and measurement within the scope of MFRS 139 are recognised either in profit or loss or in other comprehensive income in accordance with MFRS 139. All other subsequent changes are recognised in profit or loss.

In a business combination achieved in stages, previously held equity interests in the acquiree are re-measured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

Components of non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation are initially measured at fair value. All other components of non-controlling interests shall be measured at their acquisition-date fair values, unless another measurement basis is required by MFRSs. The choice of measurement basis is made on an combination-by-combination basis. Subsequent to initial recognition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity.

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the previously held equity interest of the Group in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill in the statement of financial position. The accounting policy for goodwill is set out in Note 4.8(a) to the financial statements. In instances where the latter amount exceeds the former, the excess is recognised as a gain on bargain purchase in profit or loss on the acquisition date.

Company No:
197001000833

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

4.4 Property, plant and equipment and depreciation

All items of property, plant and equipment are initially measured at cost. Cost includes expenditure that is directly attributable to the acquisition of the asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when the cost is incurred and it is probable that the future economic benefits associated with the asset would flow to the Group and the cost of the asset could be measured reliably. The carrying amount of parts that are replaced is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred. Cost also comprises the initial estimate of dismantling and removing the asset and restoring the site on which it is located for which the Group is obligated to incur when the asset is acquired, if applicable.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the asset and which has different useful life, is depreciated separately.

After initial recognition, property, plant and equipment except for freehold land and buildings are stated at cost less any accumulated depreciation and any accumulated impairment losses. Freehold land and buildings are stated at valuation, which is the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

Freehold land and buildings are revalued at least every one (1) to five (5) years to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the end of each reporting period. The surplus arising from such revaluations is credited to shareholders' equity as a revaluation reserve, net of deferred tax, if any, and any subsequent deficit is offset against such surplus to the extent of a previous increase for the same property. In all other cases, the deficit would be charged to profit or loss. For a revaluation increase subsequent to a revaluation deficit of the same asset, the surplus is recognised as income to the extent that it reverses the deficit previously recognised as an expense with the balance of increase credited to revaluation reserve.

Depreciation is calculated to write off the cost or valuation of the assets to their residual values on a straight line basis over their estimated useful lives. The principal depreciation periods and rates are as follows:

Building	2% - 10%
Lift and equipment	10%
Motor vehicle	20% - 25%
Furniture and fittings	10% - 25%
Renovation	10% - 25%
Leasehold land	over 99 years

Freehold land has unlimited useful life and is not depreciated. Construction-in-progress represents machinery under installation and renovation-in-progress and is stated at cost. Construction-in-progress is not depreciated until such time when the asset is available for use.

Company No:
197001000833

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

4.4 Property, plant and equipment and depreciation (continued)

At the end of each reporting period, the carrying amount of an item of property, plant and equipment is assessed for impairment when events or changes in circumstances indicate that its carrying amount may not be recoverable. A write down is made if the carrying amount exceeds the recoverable amount (see Note 4.7 to the financial statements on impairment of non-financial assets).

The residual values, useful lives and depreciation method are reviewed at the end of each reporting period to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment. If expectations differ from previous estimates, the changes are accounted for as a change in an accounting estimate.

The carrying amount of an item of property, plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The difference between the net disposal proceeds, if any, and the carrying amount is included in profit or loss and the revaluation surplus related to those assets, if any, is transferred directly to retained earnings.

4.5 Investment property

Investment properties are properties which are held to earn rental yields or for capital appreciation or for both and are not occupied by the Group. Investment properties also include properties that are being constructed or developed for future use as investment properties. Investment properties are initially measured at cost, which includes transaction costs. After initial recognition, investment properties are stated at cost less any accumulated depreciation and any accumulated impairment losses.

Depreciation is calculated to write off the cost or valuation of the investment properties to their residual values on a straight line basis over their estimated useful lives.

At the end of each reporting period, the carrying amount of an item of the investment properties are assessed for impairment when events or changes in circumstances indicate that its carrying amount may not be recoverable. A write down is made if the carrying amount exceeds the recoverable amount (see Note 4.7 to the financial statements on impairment of non-financial assets).

The residual values, useful lives and depreciation method are reviewed at the end of each reporting period to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the investment properties. If expectations differ from previous estimates, the changes are accounted for as a change in an accounting estimate.

Investment properties are derecognised when either they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The gains or losses arising from the retirement or disposal of investment property is determined as the difference between the net disposal proceeds, if any, and the carrying amount of the asset and is recognised in profit or loss in the period of the retirement or disposal.

Company No:
197001000833

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

4.5 Investment property (continued)

A gain or loss arising from a change in the fair value of investment properties is recognised in profit or loss for the period in which it arises.

Investment properties are derecognised when either they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The gains or losses arising from the retirement or disposal of investment property is determined as the difference between the net disposal proceeds, if any, and the carrying amount of the asset and is recognised in profit or loss in the period of the retirement or disposal.

4.6 Subsidiary

A subsidiary is an entity in which the Group and the Foundation are exposed, or have rights, to variable returns from its involvement with the subsidiary and have the ability to affect those returns through its power over the subsidiary.

An investment in subsidiary, which is eliminated on consolidation, is stated in the separate financial statements of the Foundation at cost (or in accordance with MFRS 139). Put options written over non-controlling interests on the acquisition of subsidiary shall be included as part of the cost of investment in the separate financial statements of the Foundation. Subsequent changes in the fair value of the written put options over non-controlling interests shall be recognised in profit or loss. Investments accounted for at cost shall be accounted for in accordance with MFRS 5 Non-current Assets Held for Sale and Discontinued Operations when they are classified as held for sale (or included in a disposal group that is classified as held for sale) in accordance with MFRS 5.

When control of a subsidiary is lost as a result of a transaction, event or other circumstance, the Group would derecognise all assets, liabilities and non-controlling interests at their carrying amount and to recognise the fair value of the consideration received. Any retained interest in the former subsidiary is recognised at its fair value at the date control is lost. The resulting difference is recognised as a gain or loss in profit or loss.

4.7 Impairment of non-financial assets

The carrying amount of assets, except for financial assets (excluding investments in subsidiaries, associates and a joint venture), inventories, deferred tax assets, investment properties measured at fair value and non-current assets (or disposal groups) held for sale, are reviewed at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated.

The recoverable amount of an asset is estimated for an individual asset. Where it is not possible to estimate the recoverable amount of the individual asset, the impairment test is carried out on the cash generating unit ('CGU') to which the asset belongs. Goodwill acquired in a business combination is from the acquisition date, allocated to each of the CGU or groups of CGU of the Group that are expected to benefit from the synergies of the combination giving rise to the goodwill irrespective of whether other assets or liabilities of the acquiree are assigned to those units or groups of units.

The recoverable amount of an asset or CGU is the higher of its fair value less cost to sell and its value in use.

Company No:
197001000833

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

4.7 Impairment of non-financial assets (continued)

In estimating the value in use, the estimated future cash inflows and outflows to be derived from continuing use of the asset and from its ultimate disposal are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the future cash flow estimates have not been adjusted. An impairment loss is recognised in profit or loss when the carrying amount of the asset or the CGU, including the goodwill or intangible asset, exceeds the recoverable amount of the asset or the CGU. The total impairment loss is allocated, first, to reduce the carrying amount of any goodwill allocated to the CGU and then to the other assets of the CGU on a pro-rata basis of the carrying amount of each asset in the CGU.

The impairment loss is recognised in profit or loss immediately except for the impairment on a revalued asset where the impairment loss is recognised directly against the revaluation reserve to the extent of the surplus credited from the previous revaluation for the same asset with the excess of the impairment loss charged to profit or loss.

An impairment loss on goodwill is not reversed in subsequent periods. An impairment loss for other assets is reversed if, and only if, there has been a change in the estimates used to determine the assets' recoverable amount since the last impairment loss was recognised.

An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

Such reversals are recognised as income immediately in profit or loss except for the reversal of an impairment loss on a revalued asset where the reversal of the impairment loss is treated as a revaluation increase and credited to the revaluation reserve account of the same asset. However, to the extent that an impairment loss in the same revalued asset was previously recognised in profit or loss, a reversal of that impairment loss is also recognised in profit or loss.

4.8 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one enterprise and a financial liability or equity instrument of another enterprise.

A financial asset is any asset that is cash, an equity instrument of another enterprise, a contractual right to receive cash or another financial asset from another enterprise, or a contractual right to exchange financial assets or financial liabilities with another enterprise under conditions that are potentially favourable to the Group.

A financial liability is any liability that is a contractual obligation to deliver cash or another financial asset to another enterprise, or a contractual obligation to exchange financial assets or financial liabilities with another enterprise under conditions that are potentially unfavourable to the Group.

Financial instruments are recognised on the statement of financial position when the Group has become a party to the contractual provisions of the instrument. At initial recognition, a financial instrument is recognised at fair value plus, in the case of a financial instrument not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issuance of the financial instrument.

Company No:

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

4.8 Financial instruments (continued)

An embedded derivative is separated from the host contract and accounted for as a derivative if, and only if the economic characteristics and risks of the embedded derivative is not closely related to the economic characteristics and risks of the host contract, a separate instrument with the same terms as the embedded derivative meets the definition of a derivative, and the hybrid instrument is not measured at fair value through profit or loss.

(a) Financial assets

A financial asset is classified into the following categories after initial recognition for the purpose of subsequent measurement:

(i) Amortised cost

Amortised cost category comprises financial assets that are held within a business model whose objective is to hold assets to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The financial assets are not designated as fair value through profit or loss.

Subsequent to initial recognition, these financial assets are measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

(ii) Fair value through other comprehensive income

a. Debt investment

Fair value through other comprehensive income category comprises debt investment where it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling the debt investment, and its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The debt investment is not designated as at fair value through profit or loss. Interest income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognised in profit or loss. Other net gains and losses are recognised in other comprehensive income.

On derecognition, gains and losses accumulated in other comprehensive income are reclassified to profit or loss. Interest income is recognised by applying effective interest rate to the gross carrying amount except for credit impaired financial assets where the effective interest rate is applied to the amortised cost.

Company No:
197001000833

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

4.8 Financial instruments (continued)

(ii) Fair value through other comprehensive income

b. Equity investments

This category comprises investment in equity that is not held for trading, and the Group and the Foundation irrevocably elect to present subsequent changes in the investment's fair value in other comprehensive income. This election is made on an investment-by-investment basis. Dividends are recognised as income in profit or loss unless the dividend clearly represents a recovery of part of the cost of investment. Other net gains and losses are recognised in other comprehensive income. On derecognition, gains and losses accumulated in other comprehensive income are not reclassified to profit or loss.

(iii) Fair value through profit or loss

All financial assets not measured at amortised cost or fair value through other comprehensive income as described above are measured at fair value through profit or loss. This includes derivative financial assets (except for a derivative that is a designated and effective hedging instrument). On initial recognition, the Group or the Foundation may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at fair value through other comprehensive income as at fair value through profit or loss if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets categorised as fair value through profit or loss are subsequently measured at their fair value. Net gains or losses, including any interest or dividend income, are recognized in the profit or loss. All financial assets, except for those measured at fair value through profit or loss and equity investments measured at fair value through other comprehensive income, are subject to impairment assessment.

Company No:
197001000833

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

4.8 Financial instruments (continued)

(b) Financial liabilities

(i) Fair value through profit or loss

Fair value through profit or loss category comprises financial liabilities that are derivatives (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument), contingent consideration in a business combination and financial liabilities that are specifically designated into this category upon initial recognition.

On initial recognition, the Group or the Foundation may irrevocably designate a financial liability that otherwise meets the requirements to be measured at amortised cost as at fair value through profit or loss:

- if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise;
- a group of financial liabilities or assets and financial liabilities is managed and its performance is evaluated on a fair value basis, in accordance with a documented risk management or investment strategy, and information about the group is provided internally on that basis to the Group's key management personnel; or
- if a contract contains one or more embedded derivatives and the host is not a financial asset in the scope of MFRS 9, where the embedded derivative significantly modifies the cash flows and separation is not prohibited.

Financial liabilities categorised as fair value through profit or loss are subsequently measured at their fair value with gains or losses, including any interest expense are recognised in the profit or loss.

For financial liabilities where it is designated as fair value through profit or loss upon initial recognition, the Group and the Foundation recognise the amount of change in fair value of the financial liability that is attributable to change in credit risk in the other comprehensive income and remaining amount of the change in fair value in the profit or loss, unless the treatment of the effects of changes in the liability's credit risk would create or enlarge an accounting mismatch.

(ii) Amortised cost

Other financial liabilities not categorised as fair value through profit or loss are subsequently measured at amortised cost using the effective interest method.

Interest expense and foreign exchange gains and losses are recognised in the profit or loss. Any gains or losses on derecognition are also recognised in the profit or loss.

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

4.9 Impairment of financial assets

The Group assesses whether there is any objective evidence that a financial asset is impaired at the end of each reporting period.

Held-to-maturity investments and loans and receivables

The Group collectively considers factors such as the probability of bankruptcy or significant financial difficulties of the receivable, and default or significant delay in payments by the receivable, to determine whether there is objective evidence that an impairment loss on held-to-maturity investments and loans and receivables has occurred. Other objective evidence of impairment include historical collection rates determined on an individual basis and observable changes in national or local economic conditions that are directly correlated with the historical default rates of receivables.

If any such objective evidence exists, the amount of impairment loss is measured as the difference between the financial asset's carrying amount and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. The impairment loss is recognised in profit or loss.

Impairment losses in respect of unquoted equity instrument that is carried at cost is recognised in profit or loss and is measured as the difference between the financial asset's carrying amount and the present value of estimated future cash flows discounted at the current market rate of return for a similar financial asset.

Impairment losses on available-for-sale equity investments are not reversed in profit or loss in the subsequent periods. Instead, any increase in the fair value subsequent to the impairment loss is recognised in other comprehensive income.

Company No:
197001000833

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

4.9 Impairment of financial assets (continued)

Impairment losses on available-for-sale debt investments are subsequently reversed in profit or loss if the increase in the fair value of the investment can be objectively related to an event occurring after the recognition of the impairment loss in profit or loss.

4.10 Income taxes

Income taxes include all domestic and foreign taxes on taxable profit. Income taxes also include other taxes, such as withholding taxes, which are payable by a foreign subsidiary, associate, a joint venture or a joint operation on distributions to the Group and Foundation, and real property gains taxes payable on disposal of properties.

Taxes in the profit or loss and other comprehensive income comprise current tax and deferred tax.

(a) Current tax

Current tax expenses are determined according to the tax laws of each jurisdiction in which the Group operates and include all taxes based upon the taxable profits (including withholding taxes payable by foreign subsidiaries on distribution of retained earnings to companies in the Group), and real property gains taxes payable on disposal of properties.

(b) Deferred tax

Deferred tax is recognised in full using the liability method on temporary differences arising between the carrying amount of an asset or liability in the statement of financial position and its tax base.

Deferred tax is recognised for all temporary differences, unless the deferred tax arises from goodwill or the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of transaction, affects neither accounting profit nor taxable profit.

A deferred tax asset, including tax benefits arising from investment tax credits, is recognised only to the extent that it is probable that future taxable profits would be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised. The carrying amount of a deferred tax asset is reviewed at the end of each reporting period. If it is no longer probable that sufficient taxable profits would be available to allow the benefit of part or all of that deferred tax asset to be utilised, the carrying amount of the deferred tax asset would be reduced accordingly. When it becomes probable that sufficient taxable profits would be available, such reductions would be reversed to the extent of the taxable profits.

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

4.10 Income taxes (continued)

(b) Deferred tax (continued)

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred income taxes relate to the same taxation authority on either:

- (i) The same taxable entity; or
- (ii) Different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

Deferred tax would be recognised as income or expense and included in the profit or loss for the period unless the tax relates to items that are credited or charged, in the same or a different period, directly to equity, in which case the deferred tax would be charged or credited directly to equity.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on the announcement of tax rates (and tax laws) by the Government in the annual budgets which have the substantive effect of actual enactment by the end of each reporting period.

4.11 Provisions

Provisions are recognised when there is a present obligation, legal or constructive, as a result of a past event, when it is probable that an outflow of resources embodying economic benefits would be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. (Where the Group expects a provision to be reimbursed (for example, under an insurance contract), the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain.)

If the effect of the time value of money is material, the amount of a provision would be discounted to its present value at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits would be required to settle the obligation, the provision would be reversed.

Provisions for restructuring are recognised when the Group has approved a detailed formal restructuring plan, and the restructuring either has commenced or has been announced publicly.

Provisions are not recognised for future operating losses. If the Group has a contract that is onerous, the present obligation under the contract shall be recognised and measured as a provision.

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

4.12 Contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources would be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Group does not recognise a contingent liability but discloses its existence in the financial statements.

A contingent asset is a possible asset that arises from past events whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group. The Group does not recognise contingent assets but disclose its existence where inflows of economic benefits are probable, but not virtually certain.

In the acquisition of subsidiaries by the Group under business combinations, contingent liabilities assumed are measured initially at their fair value at the acquisition date.

4.13 Employee benefits

(a) Short term employee benefits

Wages, salaries, social security contributions, paid annual leave, paid sick leave, bonuses and non-monetary benefits are measured on an undiscounted basis and are expensed when employees rendered their services to the Group.

Short term accumulating compensated absences such as paid annual leave are recognised as an expense when employees render services that increase their entitlement to future compensated absences. Short term non-accumulating compensated absences such as sick leave are recognised when the absences occur and they lapse if the current period's entitlement is not used in full and do not entitle employees to a cash payment for unused entitlement on leaving the Group.

Bonuses are recognised as an expense when there is a present, legal or constructive obligation to make such payments, as a result of past events and when a reliable estimate can be made of the amount of the obligation.

(b) Defined contribution plans

The Foundation and its subsidiaries incorporated in Malaysia make contributions to a statutory provident fund and foreign subsidiaries make contributions to their respective countries' statutory pension schemes. The contributions are recognised as a liability after deducting any contribution already paid and as an expense in the period in which the employees render their services.

(c) Defined benefit plans

The Group operates a funded defined benefit plan for eligible employees of the Group.

Company No:
197001000833

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

4.13 Employee benefits (continued)

(c) Defined benefit plans (continued)

The recognition and measurement of the defined benefits plan involve:

- (i) Determining the deficit or surplus by:
 - (a) Using an actuarial technique, the projected unit credit method, to make a reliable estimate of the ultimate cost to the Group of the benefit that employees have earned in return for their service in the current and prior periods;
 - (b) Discounting that benefit in order to determine the present value of the defined benefit obligation and the current service cost; and
 - (c) Deducting the fair value of any plan assets from the present value of the defined benefit obligation;
- (ii) Determining the amount of the net defined benefit liability (asset) as the amount of the deficit or surplus as determined above, adjusted for any effect of limiting a net defined benefit asset to the asset ceiling; and
- (iii) Determining amounts to be recognised in profit or loss, i.e. current service cost, any past service cost and gain or loss on settlement and net interest on the net defined benefit liability (asset).

The Group determines the net defined benefit liability (asset) annually so that the amounts recognised in the financial statements do not differ materially from the amounts that would be determined at the end of the reporting period.

The Group recognises the net defined benefit liability (asset) in the statement of financial position.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

The Group uses the yield rate of high quality government or corporate bonds which have AA rating or higher to discount the post-employment benefit obligations. The currency and term of the government bonds (corporate bonds) are consistent with the currency and estimated term of the post-employment benefit obligations of the Group.

The remeasurement of the net defined obligation are recognised directly within equity. The remeasurement include:

- (i) Actuarial gains and losses;
- (ii) Return on plan assets, excluding interest; and
- (iii) Any asset ceiling effects, excluding interest.

Services costs are recognised in profit or loss, and include current and past service costs as well as gains and losses on curtailments.

Net interest expense (income) is recognised in profit or loss, and is calculated by applying the discount rate used to measure the defined benefit obligation (asset) at the beginning of the annual period to the balance of the net defined benefit obligation (asset), considering the effects of contributions and benefit payments during the reporting period. Gains or losses arising from changes to scheme benefits or scheme curtailment are recognised immediately in profit or loss.

Company No:
197001000833

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

4.13 Employee benefits (continued)

(c) Defined benefit plans (continued)

Settlement of defined benefit schemes are recognised in the period when the settlement occurs.

If the Group has an unconditional right to a refund during the life of the plan, it would recognise an asset measured as the amount of the surplus at the end of the reporting period that it has a right to receive a refund which would be the fair value of the plan assets less the present value of the defined benefits obligation, less any associated costs, such as taxes. If the amount of a refund is determined as the full amount or a proportion of the surplus, rather than a fixed amount, the Group would make no adjustment for the time value of money, even if the refund is realisable only at a future date.

If there is no minimum funding requirement for contributions relating to future service, the economic benefit available as a reduction in future contributions is the present value of future service cost to the entity at the end of each reporting period over the shorter of the expected life of the plan and the expected life of the entity. The Group would assume no change to the benefits provided by a plan in the future until the plan is amended and shall assume a stable workforce in the future unless it is demonstrably committed at the end of the reporting period to make a reduction in the number of employees covered by the plan.

(d) Share-based payments

The Group operates an equity-settled, share-based compensation plan, under which the Group receives services from employees as consideration for equity instruments of the Group. The fair value of the employee services received in exchange for the grant of the options is recognised as an expense.

The total amount to be expensed is determined by reference to the fair value of the options granted including any market performance conditions but excluding the impact of any non-market performance and service vesting conditions.

Non-market performance and service conditions are included in assumptions about the number of options that are expected to vest. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied.

In addition, in some circumstances employees could provide services in advance of the grant date and therefore the grant date fair value is estimated for the purposes of recognising the expense during the period between service commencement period and grant date.

At the end of each reporting period, the Group revises its estimates of the number of options that are expected to vest based on the non-market vesting conditions. The Group recognises the impact of the revision to original estimates, if any, in the profit or loss, with a corresponding adjustment to equity.

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

4.13 Employee benefits (continued)

(d) Share-based payments (continued)

If the options are exercised, the Foundation issues new shares to the employees. The proceeds received, net of any directly attributable transaction costs are recognised in ordinary share capital at nominal value, and any excess would be recognised in share premium.

(e) Termination benefits

Termination benefits are payments due to employees as a result of the decision of the Group to terminate the employment or an employee's decision to accept an offer of benefits by the Group in exchange for termination of employment. They are recognised as a liability and an expense at the earlier of the following dates:

- (i) when the Group has a detailed formal plan for termination where it can no longer withdraw the offer of those benefits; and
- (ii) when the Group recognises costs for a restructuring and involves the payment of termination benefits.

Subsequent to initial recognition, the Group applies the requirements for post-employment benefits by measuring and recognising subsequent changes in accordance with the nature of the employee benefits. Otherwise:

- (i) if the termination benefits are expected to be settled wholly before twelve months after the end of the reporting period, the Group applies the requirements for short-term employee benefits.
- (ii) if the termination benefits are not expected to be settled wholly before twelve months after the end of the reporting period, the Group applies the requirements for other long-term employee benefits.

4.14 Revenue recognition

Revenue is measured at the fair value of the consideration received or receivables, net of discounts and rebates.

Revenue is recognised to the extent that it is probable that the economic benefits associated with the transaction would flow to the Group, and the amount of revenue and the cost incurred or to be incurred in respect of the transaction can be reliably measured and specific recognition criteria have been met for each of the activities of the Group as follows:

(a) Services

Revenue in respect of the rendering of services is recognised when the stage of completion at the end of each reporting period and the cost incurred can be reliably measured. The stage of completion is determined by the services performed to date as a percentage of total services to be performed.

(b) Dividend income

Dividend income is recognised when the right to receive payment is established.

4. SIGNIFICANT ACCOUNTING POLICIES (continued)

4.14 Revenue recognition (continued)

(c) Rental income

Rental income is accounted for on a straight line basis over the lease term of an ongoing lease. The aggregate cost of incentives provided to the lessee is recognised as reduction of rental income over the lease term on a straight line basis.

4.15 Government grants

Government grants are recognised in the financial statements when there is reasonable assurance that:

- (a) The Group would comply with the conditions attached to the grant; and
- (b) The grants would be received.

Government grants relating to costs are deferred and recognised as income in profit or loss on a straight line basis over the periods necessary to match them with the related costs that they are intended to compensate.

Government grants related to assets are deducted from the carrying amount of the assets. (Government grants related to assets are presented in the statement of financial position as deferred revenue and recognised in profit or loss on a systematic basis over the useful life of the asset.)

5. ADOPTION OF NEW MFRSs AND AMENDMENT TO MFRS

The following are Standards of the MFRS Framework that have been issued by the Malaysian Accounting Standards Board ('MASB') but have not been early adopted by the Foundation:

Amendments to MFRS effective for annual period beginning on or after 1 January 2025.

- MFRS 16 Lack of Exchangeability

Amendments to MFRS effective for annual period beginning on or after 1 January 2026.

- MFRS 9 and 7 Amendments to the Classification and Measurement of Financial Instruments

New MFRS and amendments to MFRS effective for annual periods beginning on or after 1 January 2027.

- MFRS 18 Presentation and Disclosure in Financial Statements
- MFRS 19 Subsidiaries without Public Accountability: Disclosures

The adoption of the above standards and interpretations are not expected to have a material impact on the financial statements in the period of application.

6. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

6.1 Changes in estimate

Estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Trustees are of the opinion that there are no significant changes in estimates at the end of the reporting period.

6.2 Critical judgements made in applying accounting policies

The following are judgements made by management in the process of applying the accounting policies of the Group that have the most significant effect on the amounts recognised in the financial statements.

- (a) Classification between investment properties and property, plant and equipment and prepaid lease payment for land

The Group has developed certain criteria based on FRS 140 in making judgement whether a property qualifies as an investment property. Investment property is a property held to earn rentals or for capital appreciation or both.

Some properties comprise a portion that is held to earn rentals or for capital appreciation and another portion that is held for use in the supply of goods or services or for administrative purposes. If these portions could be sold separately (or leased out separately under a finance lease), the Group would account for the portions separately. If the portions could not be sold separately, the property is an investment property only if an insignificant portion is held for use in the production or supply of goods or services or for administrative purposes. Judgement is made on an individual property basis to determine whether ancillary services are so significant that a property does not qualify as investment property.

6. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS (continued)

6.3 Key sources of estimation uncertainty

The following are key assumptions concerning the future and other key sources of estimation uncertainty at the end of each reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

(a) Depreciation of plant and machinery

The cost of plant and machinery is depreciated on a straight-line basis over the assets' useful lives. The principal depreciation periods and rates are as follows:

Building	2% - 10%
Lift and equipment	10%
Motor vehicle	20% - 25%
Furniture, and fittings	10% - 25%
Renovation	10% - 25%
Leasehold land	over 99 years

(b) Impairment of receivables

The Group makes impairment of receivables based on an assessment of the recoverability of receivables. Impairment is applied to receivables where events or changes in circumstances indicate that the carrying amounts may not be recoverable. Management specifically analyses historical bad debt, customer concentration, customer creditworthiness, current economic trends and changes in customer payment terms when making a judgement to evaluate the adequacy of impairment of receivables. Where expectations differ from the original estimates, the differences would impact the carrying amount of receivables.

(c) Fair value measurement

The financial and non-financial assets and liabilities that are measured subsequent to initial recognition at fair value are grouped into Level 1 to Level 3 based on the degree to which the fair value inputs are observable.

- (i) Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;
- (ii) Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- (iii) Level 3 fair value measurements are those derived from inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The classification of an item into the above levels is based on the lowest level of the inputs used in the fair value measurement of the item. Transfers of items between levels are recognised in the period they occur.

6. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS (continued)

6.3 Key sources of estimation uncertainty (continued)

(c) Fair value measurement (continued)

The Group engages several professional valuers to perform valuations on various assets as disclosed separately in the respective notes to the financial statements. These valuation reports would be tabled annually to the Audit Committee for approval, where applicable.

The Group measures these elements in the financial statements at fair value:

- (i) Property, plant and equipment (freehold land and building), Note 7 to the financial statements;
- (ii) Investment property, Note 8 to the financial statements;
- (iii) Derivative financial instruments, Note 25 to the financial statements.

(c) Methods and assumptions used to estimate fair value

The fair values of financial assets and financial liabilities are determined as follows:

- (i) Financial instruments that are not carried at fair value and whose carrying amounts are a reasonable approximation of fair value.

The carrying amounts of financial assets and liabilities, such as trade and other receivables and other payables are reasonable approximation of fair value, either due to their short-term nature or that they are floating rate instruments that are re-priced to market interest rates on or near the end of the reporting period.

The carrying amounts of the current position of loans and borrowings are reasonable approximations of fair values due to the insignificant impact of discounting.

26. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The financial risk management objective of the Group is to optimise value creation for shareholders whilst minimising the potential adverse impact arising from fluctuations in foreign currency exchange and interest rates and the unpredictability of the financial markets.

The Group operates within an established risk management framework and clearly defined guidelines that are regularly reviewed by the Board of Trustees and does not trade in derivative financial instruments. Financial risk management is carried out through risk review programmes, internal control systems, insurance programmes and adherence to the Group financial risk management policies. The Group is exposed mainly to credit risk, liquidity and cash flow risk, interest rate risk, foreign currency risk and market risk. Information on the management of the related exposures is detailed below.

(a) Credit risk

The exposure of the Group to credit risk arises primarily from trade and other receivables. For the other financial assets (including cash and bank balances), the Group minimises credit risk by dealing exclusively with high credit rating counterparties.

It is the Group's policy to monitor the financial standing of these counter parties on an ongoing basis to ensure that the Group is exposed to minimal credit risk.

At the date of the report, the Group's and the Foundation's exposure to credit risk that is primarily represented by the carrying value of each class of financial assets is recognised in the statement of financial position.

At the date of the report, there were no significant trade and other receivables to the Group and the Foundation.

In respect of cash and bank balances placed with licensed banks in Malaysia, the Trustees believe that the possibility of non-performance by these financial institutions is remote on the basis of their financial strength.

(b) Liquidity and cash flow risk

The Group actively manages its operating cash flows and the availability of funding so as to ensure that all operating, investing and financing needs are met. In executing its liquidity risk management strategy, the Group measures and forecasts its cash commitments and maintains a level of bank balance deemed adequate to finance the activities of the Group.

(c) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the financial instruments of the Group and of the Foundation would fluctuate because of changes in market interest rates.

The Group's income and operating cash flows are substantially dependent of changes in market interest rates. The Group's and the Foundation's interest-bearing financial assets are mainly arising from deposits with a licensed bank. Long-term debtors and creditors are not exposed to interest rate risk.
